Register for an ORCID iD

ORCID provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.

As per ORCID's [terms and conditions](#), you may only register for an ORCID iD for yourself.

Visibility settings

Your ORCID iD connects with your ORCID record that can contain links to your research activities, affiliations, awards, other versions of your name, and more. You control this content and who can see it.

By default, who should be able to see information added to your ORCID Record?

- ☒  **Everyone** (87% of users choose this)
- ☐  **Trusted parties** (5% of users choose this)
- ☐  **Only me** (8% of users choose this)

Email frequency

The ORCID Registry provides notifications about things of interest, like updates to your ORCID record or being made a trusted individual, when they occur ([learn more about notifications](#)). How often would you like these notifications delivered to you via email?

Dear ANGEL MARROQUIN DE JESUS,

Thank you for your interest in joining ResearcherID!

Copy and paste this link into your browser to complete the registration process:

http://www.researcherid.com/VerifyURL_action?id=PZe5lqAVo5XZnRhPs9ksezstzlzqWC2LDuCuqv%2Bj%2BuC38z4NtlqUgtwz82RtkKU

As a registered member, you can:

- Manage your publication list and showcase your work
- Track your times cited count and h-index
- Identify potential global collaborators
- Avoid the common problem of author misidentification

Because ResearcherID integrates with Web of Science* and EndNote online, you can claim your publications quickly and easily. These publications will then automatically be updated within Web of Science, making content you have produced attributable to you in a search environment that is relied upon by more than 20 million researchers around the world.

Additionally, you can associate your ResearcherID account with your ORCID account.

If you have any questions about the registration process, please contact the Thomson Reuters IP & Science Global Support team (<http://ip-science.thomsonreuters.com/support/>). Please note that the sending email address cannot accept replies.

* Although ResearcherID.com is accessible from any computer, features integrated with Web of Science require you to be on an authenticated computer.

Kind Regards,
The ResearcherID Team

You have received this e-mail in the genuine belief that its contents would be of interest to you. To not receive these messages from Thomson Reuters, please go to our preference page (<http://its-productinfo.com/rir.asp?671807&aea215e7518846cf&H>).

Publons

With Publons you can be recognised for your peer review efforts alongside your publications.

☒ I would like to create a Publons account.

Publons helps you to record, verify and showcase your peer review contributions for use in promotion applications. Publons gives recognition for peer review without compromising reviewer anonymity or infringing upon journal policies. You may edit what is displayed for any review or opt out of the service at any time.

☐ I already have a Publons account.

Once you have created an account on Publons you will be able to link it to your ResearcherID account.

Use this list to display all the publications that you have authored.

Adding Publications to this list
You can add publications by searching Web of Science™, searching Web of Science™ Core Collection, using EndNote™, or uploading a file. To add publications, click the **Add** link located in the menu on the left-hand side of your screen, or by clicking on the **Add Publications** above.
* Note: Access to Web of Science and Web of Science Core Collection are based on the entitlements of the computer where you are accessing ResearcherID.

Please remember to only add publications that you have authored to this list. This list will be used by Web of Science Core Collection to create a Distinct Author Set, which is a set of papers that will be associated with your name, and your ResearcherID number will be displayed on the Web of Science Core Collection record. This allows Web of Science Core Collection users who find one of your papers on this list to find all of the other papers on this list.

Making the list public or private
You have the ability to make your "My Publications" public or private. If public, then visitors of ResearcherID can see your scholarly output, and your list will be sent to the Web of Science (click here for more information). Click on the **Manage Profile** button at the top-right corner of the page and select the Publication Lists tab to change the privacy settings of your data.
